

Habitat’s Mission

Eliminate substandard housing for lower-income families. Habitat seeks to work with those who do not qualify for conventional mortgages who otherwise would have no possibility of owning a home of their own.

Returning to St. Mary of the Falls! Our *fourth* annual Apostle’s Build Project

Just as there were twelve apostles, Habitat has developed the **Apostles Build** program. Habitat has asked **St. Mary of the Falls** to, once again, be one of twelve parishes to share in the cost of one home renovation. This significantly reduces the burden of each build, spreading the commitment among each apostle parish. Habitat purchases a home from the Cuyahoga county land bank for the cost of \$1. Each of the twelve parishes then provides:

- 1/12 the prayers (everything works better with prayerful support!)
- 1/12 the material costs ~
(about \$5,000 per parish this year ~ your donation, any size, will help!)
- 1/12 the labor (6-8 people for three days)

PLEASE PRAYERFULLY CONSIDER HOW YOU CAN HELP; COMPLETE THE TEAR-OFF BELOW AND DROP IN THE COLLECTION BASKET TODAY OR ANY SUNDAY IN THE NEXT COUPLE OF WEEKS.

YES, I would like to be a part of the fourth annual St. Mary of the Falls “Apostles Build” Team!
(Please, check ALL that apply!):

- Pray for the success of the project.
- I/we will donate \$ _____ to help with the material costs.
(Note: there will be a 2nd collection at all Masses on April 14/15 for the Apostle’s Build Project or you may donate at any time via the collection basket or at the parish office)
- I/we will work on (workers will be contacted with time/commitment details):
 - Thursday, July 12
 - Saturday, July 14
- I/we will help with “spruce up” day on Saturday, August 4
(On spruce up days we go into a neighborhood and help clean up a number of properties on a street by doing yard cleanup, leaves and some painting; this is a good opportunity for less-skilled individuals or teens who cannot work on the build days due to age restrictions on the use of power tools.)
